Flexible, Reliable and Industrial-grade Network Distance Extension Solution

PLANET IGT-2205AT is an Industrial Gigabit Media Converter providing non-blocking wire-speed performance and great flexibility for Gigabit Ethernet extension in harsh industrial environment. It is equipped with two 10/100/1000BASE-T RJ45 copper port and two 100/1000/2500BASE-X SFP fiber optic interfaces delivered in an IP30 rugged strong case with redundant power system. The IGT-2205AT is well suited for applications in deploying surveillance system, and securing control and wireless service in climatically demanding environments with wide temperature range from -40 to 75 degrees C.
