Cable Slitter for Armored & Heavy-Duty Cable

Professional-grade tool for armored fiber feeder, central tube and stranded loose tube fiber optic cables and other non-fiber armored cables.

Introducing the patent-pending Miller® ACS Plus – a professional-grade tool that has all the functionality of the trusted Miller® ACS and ACS-2, and then some! Designed for use on armored fiber feeder, central tube & stranded loose tube fiber optic cables, as well as various other non-fiber armored cables, the ACS Plus easily cuts through the polyethylene jacket and corrugated copper, steel or aluminum armor layer in one smooth step.

- Ergonomic design features a spring-loaded roller assembly with tension adjustment knob for faster precision cuts
- Performs longitudinal, circumferential (ringing) & spiral cuts
- Replaceable, heavy-duty steel blade is easily adjusted in 0.004" increments without any additional tools
- Lightweight & glass-reinforced injection molded body has a curved "T" handle design for improved grip & leverage during longitudinal & ring cuts
