Next Generation Connector

for 200G and 400G

Efficiency Through Density

CS connectors are the next evolution in delivering more performance and a 40% size reduction at the same time. These compact connectors offer a 40% horizontal size reduction over LC duplex and are compatible with QDD and OSFP. As a distributor Sumitomo, with co-operation with Senko we are excited to continue expanding our range of cutting edge fibre technologies and complement our newly launched range of QDD and OSFP transceivers.
